"Flight of the Bumblebee"

Nikolai Rimsky Korsakov, a Russian composer, was very good at using the instruments of the orchestra to create pictures and stories. In "Flight of the Bumblebee" he used the string family to create a musical "bumblebee". But this is not an ordinary insect-this bee is really a prince! The music comes from Rimsky-Korsakov's opera The Tale of Tsar Saltan. In the story, a magic swan turns the prince into a bumblebee so that he can visit Tsar Saltan without being seen. As you listen to the music, can you imagine a bumblebee buzzing around the Tsar and then quickly flying away so it doesn't get caught?

Listen to the music and then color the bumblebee.
