

St. Leo's Sports Group

Home of the Lions

September 2021

St. Leo's families,

Welcome back! We are looking forward to a terrific year!

We wanted to take this opportunity to provide a brief overview of who we are, what the Sports Group has to offer, how you can keep on all the latest sports news and how you can contact us.

Who We Are

The St. Leo's Sports Group (SLS) is a volunteer organization formed of present and past parents to support the mission of the sports program. The SLS Group is open to all families with children attending St. Leo's School or religious education.

Our teams have excelled in both academics and athletics. We strive to build teamwork, character and sportsmanship while also teaching our student athletes how to deal with success and adversity. We do this while providing a fun and educational sports learning experience for all our student athletes.
